2

Lay the chosen card on top of the card deck and lay the deck in the box.

3

Slide the game board over the box. Now you can start to play!

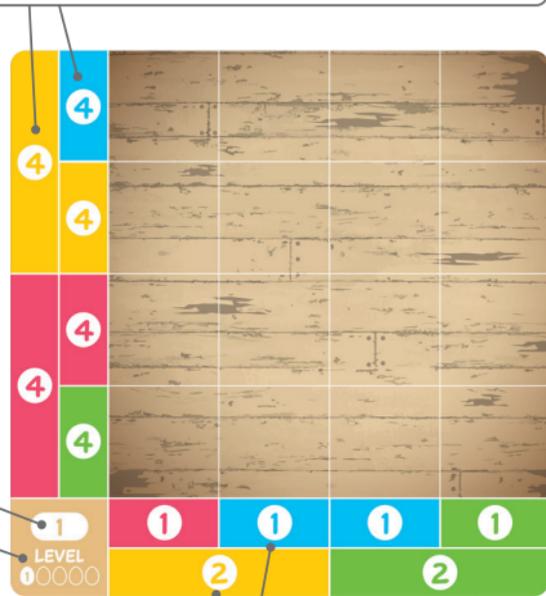

TASK CARDS

The colours and numbers indicate how many eggs of each colour have to be placed in the horizontal rows.

Tasks

The more ○ are coloured in, the more difficult the task.

The colours and numbers indicate how many eggs of each colour have to be placed in the vertical columns.

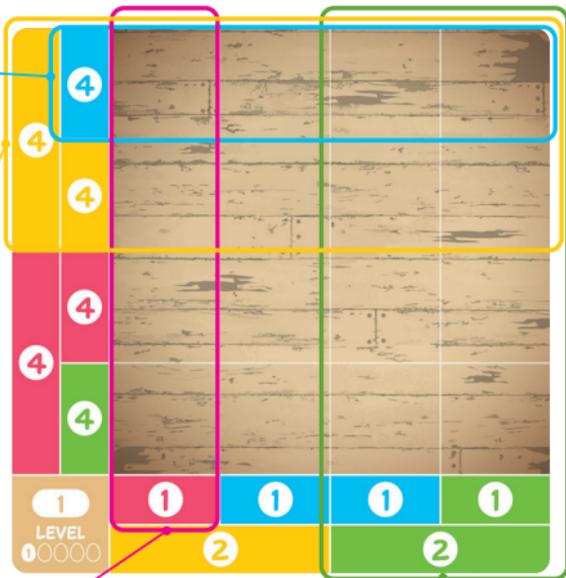

RULES

Place the eggs according to the colours and numbers indicated. The task is solved when all of the eggs are in the right place.

4 blue eggs have to be placed in this row.

A total of 4 yellow eggs must be placed in these two rows.

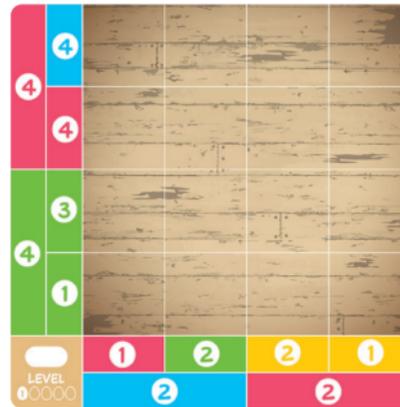

1 pink egg has to be placed in this column.

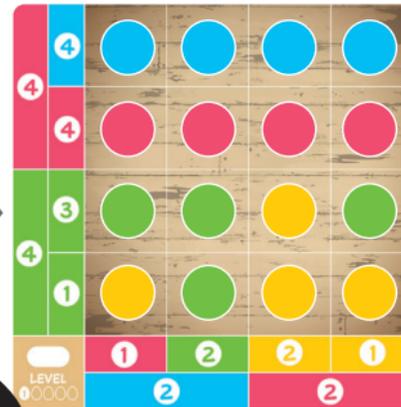

A total of 2 green eggs must be placed in these two columns.

To place all of the eggs correctly, you have to pay close attention to the indications for the rows and columns and try out different positions for the eggs.
